Grapefruit Seed Extract

New Roots Herbal's Grapefruit Seed Extract is a natural extract of grapefruit, lemon, and tangerine seeds.

The action of grapefruit seed extract (GSE) results from the synergism between the naturally occurring ascorbic acid (vitamin C), citrus bioflavonoids, and many other organic acids.

Antioxidant vitamin C also helps the body metabolize fats and proteins as well as in the development and maintenance of bones, cartilage, and teeth.

Like all New Roots Herbal products, our Grapefruit Seed Extract is potency-validated in our ISO 17025–accredited laboratory so you get the best around.

Make Life Better · newrootsherbal.com

Each drop contains:

Grapefruit seed extract (560 mcg of vitamin C per drop) . . . 7 mg

Other ingredient:

Vegetable glycerin.

LM0064-R1 · NPN 80036596
