

NEW PRODUCT

Foundational Probiotic for Immune Health: Bifido Infantis

- *Bifido infantis* originates from normal breast-fed infant mucosa, and levels may decline or be altered as we age
- Highly-researched for regulating systemic immunity
- Supports specific gut conditions requiring single-strain *Bifido* probiotics
- Pure single strain, with potency-validated 5 billion CFU
- Non-GMO, dairy-, soy-, and gluten-free formula
- GPS™ enteric-coated capsule to guarantee delicate *B. infantis* cells survive harsh gastric acid
